23.02.2013 - 9.00-13.30  
Auditorium Bo bulding  
via VIII Febbraio,#2

The aim of this Internationally sponsored conference is to initiate a dialogue between researchers and practitioners involved in countering gender violence. In addition, we hope to disseminate and further the research methodology related to psychodrama, active methods and group therapy which are considered elective methods for working with women that have been victims of violence.
